

("iqbal was rummaging his folder try to find evidence")

("ryan go towards iqbal to ask about something")

ryan:

hey iqbal, would you like to get out for a ride? the night seems perfect-

iqbal:

not now, ryan. maybe later.

ryan:

okay....

*("ryan walk away from iqbal then saw reginold walking by the
mindscape")*

ryan:

psst, hey reggie, why are iqbal looking so, disrupted? is the mental juices gone off balance again?

reginold:

no. it just some office drama and stuff. his supervisor done something that 'felt' off for him

ryan:

huh.... that's interesting..... any clue on what?-

iqbal:

WHY CAN'T I FIND IT!!! IT SUPPOSED TO BE HERE!!! I HAVE RECORDED IT!
I HAVE PROVES

("ryan starts to walk back to iqbal. reginold try to stop him but failed")

reginold:

hey, ryan, no!-

ryan:

hey iqbal, what's the matter?

iqbal:

it's just this-

corporate bs and karenah birokrasi that really testing my nerve.

he said this but then said that. one day he want this, then the
other day he wanted that

ryan:

aren't that like, normal corporate bs?

iqbal:

yeah. 'really normal'. and that's why this office- heck, this world
is messed up

ryan:

then why don't you talk to him directly?

iqbal:

ouh yeah? like that would change anything.

i have give out eleven plans and yet all i get back is more
refinement on his 'supposed' better plan
but all he do is just pick and choose from the interns plan and
stuff

reginold:

didn't we already been in this conversation? he is the supervisor.
just let him do whatever he-

iqbal:

and what? so that i can be condemned because of not trying? no
freaking thanks.

been there, done that.

i have saw the flaw in his work and i just want to try to fix it.
all this time i was used like a puppet. time to cut the string and
weave our own path.

ryan:

didn't we like get paid literally like a cheap labor

iqbal:

yeah? and this cheap labor is tired of getting his face smeared with
fecal matter that he have seen coming from mile away but cannot move
because of the higher ups corporate bs tied his arms and leg
together.

if only i can just turn the table and let him taste his own wrong
doing.

i just want to let him taste the burning sensation of this anger i
have.

ryan:

ouh, you want to roast him? yeah, farsha can set your supervisor
aflame with just words

("farsha summoned out of nowhere infront of them")

farsha:

AND THAT'S ON PERIODT!!!!

reginold:

oh my god, why are we like this?
